

Plant Biology

XXIII Meeting of the Spanish
Society of Plant Physiology

XVI Spanish Portuguese
Congress of Plant Physiology

Pamplona
June 26-28, 2019

PhD in Biological sciences by Universidad Autónoma Madrid, Spain; Fulbright fellow at UCSD, Tinker Professor at UW Madison and Associate Professor at UAM (SPAIN). At present she is Professor of Plant Physiology at Universidad de Castell y La Mancha (UCLM) and leads the plant biotechnology and molecular biology group. She is interested in stomatal development and associated physiology, and plant-nematode interactions, working in models and crops. She is active in science dissemination and involved in women and academia. She is the President of the Sociedad Española de Fisiología Vegetal (Spanish Society of Plant Physiology).
