

Dear PhD student or young PhD,

If you are thinking of attending the XXIII Meeting of the Spanish Society of Plant Physiology / XVI Hispano-Portuguese Congress of Plant Physiology from June 26 to 28, 2019 (FV2019), you probably find interesting the information that we present below. We are pleased to announce that on June 25, prior to FV2019 but in its context, will be held the **1st PhD meeting in Plant Science**, organized by PhD students and young PhDs for PhD students and young PhDs.

The objective of this **satellite event** of the SEFV meeting (FV2019) is, mainly, to offer greater opportunities for doctoral students and young PhD to present their work in the different areas of Plant Biology, as well as to encourage interaction and exchange of contacts and ideas among young researchers of Europe.

We encourage everyone to participate in this more informal meeting and present your work! We hope to see you and meet you!

The Organizing Committee

EVENT INFORMATION:

DAY: June 25, 2019

PLACE: Palacio de Congresos Baluarte (Plaza del Baluarte s/n, 31001 Pamplona, Navarra, España), the same place where the XXIII Meeting of the Spanish Society of Plant Physiology / XVI Hispano-Portuguese Congress of Plant Physiology (FV2019) takes place.

PROGRAM: The meeting will be divided into several sessions. For each session, it will be selected an oral communication and several flash talks. There will also be two poster sessions (one in the morning and one in the afternoon) accompanied by aperitifs (coffee breaks).

- **Format:**

- **Oral communication:** Oral communications will be 20 minutes + 5 minutes of questions.

***Among all the oral communications, 1 will be selected to be presented at the extraordinary session "Young people in plant science" on the 26th of the XXIII Meeting of the Spanish Society of Plant Physiology.**

- **Flash talk:** Short communication of 10 minutes (1 minute to introduce yourself + 6-7 minutes to talk about your work) + 2-3 min of questions.
- **Poster:** The posters will have the same format as the posters of the XXIII Meeting of the Spanish Society of Plant Physiology.

The oral communications and flash talks must be in PowerPoint and in English. Posters must be written in English.

REGISTRATION:

The registration fee of this event is 10€.

To participate and get information on how to register, submit your communication, etc. please send an email to **both**:

- Noel Blanco Touriñán (noelblanco@ibmcp.upv.es)
- Daniela Barro Trastoy (dabartra@ibmcp.upv.es).

The registration deadline is April 30, 2019
